

Unique International Youth Project for Disadvantaged Kids Mirno More Peace Fleet

Mirno More (Peace Fleet) is an international youth flotilla, organized in cooperation between Austrian NGO's and Croatian partners. The humanitarian project allows poor, disabled and abandoned children and young people to sail one week together through the beautiful Croatian coastal waters every September. Starting with three boats and 17 children in year 1994 the "Peace Fleet 2010" will reach a size of more than 100 boats with over 600 children and teens on board. The main event of the sailing week is a day of fun, games and a big open air party in Biograd sponsored by Ilirija d.d. at their Marina Kornati and the Olympic Pool area. Any other Croatian authorities and companies support the project as well such as: Honda Marine Croatia with speed boats and rescue teams; charter boats are donated by companies like ASC Gomar, Pitter, BavAdria (Marina Kastela), NCP and others. The fleet was granted free entrance to national parks (Krka, Kornati); logistic help and communication support by the Ministry of Maritime Affairs, Tourism and Transport. We want to thank all who have helped to make Mirno More Peace Fleet to be the biggest and most successful humanitarian youth flotilla in Europe. The two fleet managers of mirno more, Leo Frey and Michael Fuchs thank all Croatian supporters and hope that their engagement will help to make Mirno More Peace Fleet a project known world wide."

Mirno More je međunarodna flotila za mlade, organizirana u suradnji austrijskog NGO-a i hrvatskih partnera. Ovaj humanitarni projekt omogućuje siromašnoj, napuštenoj djeci i mladima s poteškoćama u razvoju da svakoga rujna jedan tjedan zajedno plove prekrasnom jadranskom obalom. Počevši 1994. godine s tri broda i 17 djece „Peace fleet 2009“ dosegla je veličinu od 100 brodova i otprilike 600 djece i mladih. Glavni događaj regate je dan za zabavu i igre te veliki open air party u Biogradu kojeg sponzorira Ilirija d.d. i njihova marina Kornati, a odvija se na Olimpijskom bazenu u Biogradu. I mnoge druge Hrvatske tvrtke su prepoznale i potpomogle ovaj projekt. Honda Marine Hrvatska sa svojim gliserima i spasilačkim timovima; ASC Gomar, Pitter, BavAdria (Marina Kaštela), NCP i drugi su ustupili svoje charter brodove. Flotila je imala slobodan ulaz u Nacionalne parkove Krka i Kornati a logistički je bila podržana od Ministarstva mora, prometa i razvitka. Zahvaljujemo se svima koji su pomogli da Mirno more postane najveća i najuspješnija humanitarna regata mladih u Europi. Voditelji flotile, Leo Frey i Michael Fuchs : "Zahvaljujemo se svim hrvatskim partnerima i nadam se da će Vaše zalaganje pomoći da Mirno more postane projekt prepoznat u cijelom svijetu."
